Schools – HWC WP -
Handle With Care Inc
It's common for autistic children to behave in challenging ways. If you understand why autistic

Online Library Autism Handle

children behave in certain ways, you can work out how to change the behaviour and help children manage it.

When autistic children can manage their own challenging behaviour, they can learn and get along better with others.

How ... - Care.com

Processing everyday sensory information can be difficult for autistic people. Any of their senses may be over- or under-sensitive, or both, at different times. These sensory differences can affect how they feel and act, and can have a profound effect on a person's life. Here we help you to understand
