The Brand Therapy® team knows how to be incredibly attentive to detail while still holding that big picture vision, so every element is considered and loved and special. But my favorite part of working with Brand Therapy® as a developer is seeing their relationship with their clients and their involvement in the whole process -- it's like a grand family creating good things together."

Short-term psychodynamic therapy with mentalization-based therapy (STMBP) has been shown to be an effective treatment for a major depressive disorder (MDD) (Bressi et al., 2017). According to Dr. John Grohol with PsychCentral, mentalization-based therapy (MBT) aims to “[help] people to differentiate and separate out their own thoughts and feelings from those around them”.
