provides a space for fully peer-reviewed, critical, trans-disciplinary, debates on theory, policy and practice in relation to Education. International in scope, we publish challenging, well-written and theoretically innovative contributions that question and explore the concept, practice and institution of Education as an object of study.

Education ... Activities And Rewards The

In this talk we argued that educational researchers should consider more fully the ways in which social theory is utilised in contemporary forms of education research. At the centre of this consideration is a concern to develop a form of critical research literacy that positions theory as the significant other of method in an effort to advance methodological innovation.

Contemporary Issues in Learning and Teaching

Download File PDF Teaching And Research In Contemporary Higher Education

looks at current issues across the three key areas of policy, learning and practice. It will help you to think critically on your Education course, and to make connections between the processes of learning and the practicalities of teaching. The book addresses key issues in primary, secondary and special education, and includes examples from all four countries of the UK.
